Terms and Conditions

By submitting Contributions, you accept and agree to the following terms and conditions for Your present and future Contributions. In return, the Foundation shall not use Your Contributions in a way that is contrary to its goal of making all Contributions freely available to everyone or inconsistent with the [Community Interest Statement](#). Except for the license granted herein to the Foundation and recipients of Contributions distributed by the Foundation, You reserve all right, title, and interest in and to Your Contributions.

1. Definitions.

"**You**" (or "**Your**") means the copyright owner or legal entity authorized by the copyright owner. For legal entities, the entity making a Contribution and all other entities that control, are controlled by, or are under common control with that entity are considered to be a single Contributor.

"**Contribution**" means code, designs, documentation or any original work of authorship, including any modifications or additions to an existing work, submitted by You (by any means and in any form) to the Foundation for inclusion in, or documentation of, or for the purpose of discussion or improvement of any of the projects owned or managed by the Foundation (the "**Work**") but excluding communication that is clearly marked in writing by You as "**Not a Contribution**."

2. Grant of Licenses.

Subject to the terms and conditions of this Agreement, You hereby grant to the Foundation and recipients of Contributions distributed by the Foundation a perpetual, worldwide, non-exclusive, royalty-free, no-charge, irrevocable:

- (a) **copyright license** to reproduce, prepare derivative works of, publicly display, publicly perform, sublicense, and distribute Your Contributions and derivative works.
- (b) **patent license** to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work. This license applies only to those patent claims licensable by You that are necessarily infringed by Your Contribution(s) alone or by combination of Your Contribution(s) with the Work to which such Contribution(s) was submitted. The license terminates if patent litigation is filed against You or any other entity alleging patent infringement.
